RE: Letter of Endorsement for the establishment of May 5 as World Pulmonary Hypertension Day.

Dear Irene,

PHA Australia is delighted to endorse the International PH Day, May 5, 2012, proposed and organised by the Asociación Nacional de Hipertensión Pulmonar, of Spain. We are excited to see events like these that involve communities worldwide in raising awareness of—and public support for—pulmonary hypertension. We congratulate you on the endeavour and offer our endorsement.

Yours sincerely

Joan Godber
President
