Dear Irene and Juan,

Following a Board meeting last evening of the Israel Pulmonary Hypertension Association, I am pleased to advise you that PHA Israel endorses and supports the initiative of the Spanish association concerning World PH Day .

We stand ready to collaborate in this endeavor. In the latter respect, I again affirm the offer to incorporate elements of (or the entirety, with appropriate adaptations) the attached proposal for a teleconference/virtual assembly involving other PH associations .

I am personally gratified to advise you of PHA Israel's support .

With warm regards ,
